National Indigenous Women's Resource Center

MMIW

According to the CDC (2003-2014), non-Hispanic Black and American Indian and Alaska Native women experienced the highest rates of homicide.

AI/AN at **4.3** per **100,000** population.

Over HALF of all homicides (**55.3%**) were DV related.

For AI/AN → IPV related homicides were at **55.4%**

Of the **55.4%** → **38.8%** were killed with a firearm

RELATED BILL (s): Savanna's Act/ VAWA Reauthorization/ TLOA

Human Trafficking

GAO Found that between 2013 and 2016, there were only **14 federal investigations** and **2 federal prosecutions** of Human Trafficking in Indian Country.

3 out of 4 of the federal investigative and prosecutorial agencies that address human trafficking do not consistently collect the Native American Status of the victims in their cases. Thus, the total number of federal human trafficking investigations and prosecutions that involved a Native American is UNKNOWN.

RELATED BILL (s): The End Trafficking of Native Americans Act (we expect introduction by Cortez Masto's staff).
